

With Love On Your  
Golden Anniversary

No words can say  
how much you're loved  
each day the whole year through  
For all the happiness you give,  
for simply being you--  
And on your anniversary,  
no words can quite express  
How very much you both are wished  
true joy and happiness.

## Congratulations

May you have many  
more happy years,  
love & God Bless  
Lynda, Jeff & William  
xx
